In accordance with the Every Student Succeeds Act (ESSA) of 2015, parents have the "Right to Know" professional qualifications of their student's classroom teachers and paraprofessionals.

Parents may request the following information:

1. Whether the student's teacher –
  - Has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
  - The baccalaureate degree of the teacher and any other graduate certification or degree held by the teacher;
  - Is teaching under emergency or other provisional status through which State qualification or licensing criteria have been waived; and,
  - Is teaching in the field of discipline of the certification of the teacher.
2. Whether the student is provided services by paraprofessionals and if so, their qualifications.

It is the procedure of the Walker County Board of Education to notify parents if a student's classroom is staffed by someone without complete credentials.

If parents would like to know more about these and other questions, contact the school's principal. If there are still questions after speaking with the principal, please contact:
